

automotive engineering show

CHENNAI

An exhibition on technologies for automotive manufacturing

1 – 3 July 2021

Hall 1, Chennai Trade Centre, Chennai
www.aes-show.com

Exhibit and build new business prospects

Automotive Engineering Show Chennai, India's leading B2B trade fair on automotive manufacturing will return for its 13th edition in July 2021. Through its successfully held editions, the show has proven to connect automotive technology brands with visitors who are vehicle and component manufacturers. The show has developed a place for itself as a business platform with unparalleled opportunities to its exhibitors and visitors by helping them connect with high-quality prospects, build new partnerships, generate new leads and much more.

A recent paradigm shift in the economy along with a receptive adoption of new age technologies will only prove to be a big opportunity for automotive manufacturing. Exhibit at the forthcoming edition and connect your technologies to your target audience directly and open up future sales markets!

Technologies that will drive the future of mobility

Automotive Engineering Show Chennai caters four broad exhibitor profiles:

Automotive design & R&D

Automotive plant equipment and systems

Automotive inspection & quality control

Automotive paint and finishing

Top exhibitors from the previous edition

and many more

Exhibitors recommend AES

"The response to the show is very good, we have found some good customers where we are expecting something to be converted. This is a good platform where we are able to showcase our products to all the customers who are not in a position to travel to Italy or to Pune."

*Mr. Rupesh Paparaju, Managing Director
Bettinelli Automation Components Pvt Ltd*

"Automotive Engineering Show is a great platform for us to showcase our solutions to the local customers. The response at the show has been very good and we hope to continue our association."

*Mr. Saket Hardikar, Head - Business Development
Tata Motors Ltd (Automation & Robotics BU)*

Visitors review

"I found interesting exhibits like six sensor intelligence and low cost automation solutions. I have generated a lot of enquiries and I am eager to present them to my top management. I will definitely visit the next edition too."

*Mr. Bhushan Chandna,
Manager – Business Excellence
Honda Cars India Ltd*

"I have seen a lot of interesting products here. I think some of the tailor made solutions could be useful to manufacturers. I think more networking is possible and I look forward to see new products."

*Mr. Pokala Sreekanth,
Deputy General Manager Project
Planning
Ashok Leyland*

Benefit from a platform that's more than just an exhibition

1. Be a part of an exclusive B2B trade fair on technologies for automotive manufacturing
2. Exhibit in Tamil Nadu which accounts for 30% of India's OEM and 35% of component makers
3. Explore the Chennai market which has over 350 tier I to III suppliers and 4,000 SMEs who are auto ancillaries
4. Interactive fringe events which target top management from automotive plants
5. Business matching to connect with visitors as per your brand's need
6. Have face to face conversations and conduct live demos to educate visitors about your product portfolio
7. Numerous branding opportunities including website listings, customised invites and promotion through social media
